Topic:

What do you want the reader to learn?

Facts I know about this topic:

I learned that...

Steps to Create Your Infographic

1. Define your topic. Which question do you want to answer?
2. Gather information and data that answers your question.
3. On paper, draft your infographic.
4. Think of a catchy title.
5. Find Creative Commons and/or Public Domain images.
6. Choose colors and fonts that complement your message.
7. Include citations.
